

King's High School

# King's High Changemaker Award

– Level 1 qualification in Character, Wellbeing and Skills

This is an exciting opportunity for each King's student in KS3 to take part in our bespoke qualification. We know how much our students get involved in and we would like to offer them the chance to showcase their many achievements and commitments via this award. We also hope that, by giving structure and guidance, all students will be encouraged to get involved in the wider life of the school and to really grasp the opportunity to step outside of their comfort zone, try something new and create new skills and friendships along the way. This is a level 1 award that is accredited by EduQual and is unique to King's. It focuses on developing key skills such as collaboration, imagination and independence as well as encouraging students to think about community responsibility, future opportunities and a particular emphasis on wellbeing.
